

By God's grace, your Children's Home has attained a great ministry of serving children with the transformative hope of the gospel.

Over the last 105 years, we have seen thousands of children come through the Children's Home, and each one has been prayed for, cared for, and loved.

**But we are not finished.**

As long as there are hurting children and families, our work is not done.

Through gifts from people just like you, we remain committed to serving children and showing them what God's love looks like.

Your ministry to the children of New Mexico continues.

*Together  
We Press On*

**Give to the Annual Mother's Day Offering  
and continue the work.**
